

Annual Fund VP Message

“What really counts is the good life. But whatever is good, is good for something beyond itself. The good life is the life that reaches out, which fulfills itself, in ministration to others.” (Author unknown)

Grand Harbor Community Outreach board

to lead the effort for this season’s annual fund appeal. The Grand Harbor Community Outreach Program includes your friends and neighbors who care and want to make a difference in our Indian River County community. Can you imagine the possibilities for improving people’s lives if everyone gave?

A donation to our Annual Fund Appeal provides vital services to those who need our help the most. Year after year, the Annual Appeal is the source of hope as we work together to assist our most vulnerable neighbors.

Your past generosity has been more than impressive. Our

Philanthropy Committee’s careful vetting of all grant requests ensures that 100% of your contribution reaches the approved non-profits who provide their very essential services to victims of abuse, at risk youth, families without shelter or emergency food, veterans and many others. Your contributions allowed us to fund 32 of these needy charities last season.

Our Annual Fund Appeal last season (September 1, 2017 through August 31, 2018) generated a record level of contributions, \$322,047.29, which exceeded the prior season by 20%, an amazing show of generosity by Grand Harbor and other residents!

Let’s continue this important work. There are many ways for you to contribute...by check, credit card, club charge, stock transfer and company matching gift programs. Please visit the Grand Harbor Community Outreach Program website at www.GHCOP.org to see how easy it is to make your donation today.

I hope that you will join me in this effort to have another successful Annual Fund Appeal this season.

Thank you in advance for your caring and giving.
Gratefully,
Jerry Reichert
